

Memorandum of Understanding

This Memorandum of Understanding (hereinafter called as 'MOU') is entered into on this 26 day of June 2019.

BETWEEN

National Power Training Institute (NPTI), a National Apex body for Training and Human Resources Development in Power Sector, an autonomous organization of the Ministry of Power (MoP), Govt. of India having its Corporate Office at NPTI Complex, Sector-33, Faridabad - 121003, Haryana (Hereinafter referred to as "Party One" which expression shall unless repugnant to the context or meaning thereof, mean and include its successors, executors and permitted assigns) of the First Part

AND

National Institute of Wind Energy (NIWE), a premier Autonomous Government Research & Development institution under the Ministry of New and Renewable Energy catering to the growth of Wind energy based technology in India, having its Headquarters at National Institute of Wind Energy (NIWE), Survey No. 657/1A2, Velachery – Tambaram High Road, Pallikaranai, Chennai – 600 100 (Hereinafter referred to as "Party Two" which expression shall unless repugnant to the context or meaning thereof, mean and include its successors, executors and permitted assigns) of the Second Part

Both NPTI and NIWE are referred to individually herein as a "Party" and collectively as the "Parties"

WHEREAS

NPTI is among the World's leading integrated power training institutes, one of its kind covering a wide gamut of academic and training programs in the Power Sector;

NPTI with its existence of over 50 years operates through its Corporate Office at Faridabad and institutes at New Delhi, Nangal, Bengaluru, Neyveli, Durgapur, Guwahati, Nagpur and upcoming institutes at Alappuzha and Shivpuri, thus having its presence in the entire country.

NPTI has so far trained over 3,37,900 Power Professionals in regular programs over the last 5 decades. A number of customized training programs for national and international clients are regularly conducted. These programs benefit the executives from different Organizations. NPTI also provides training to operational personnel on its Control Room Generation Simulators in Thermal, Hydro, Load Despatch and specialized training in Hot Line training activities etc. NPTI has recently started capsule courses such as Post Graduate Diploma in the areas of Smart Grid Technologies, Power System Operation, Renewable Energy & Grid Interface Technologies. These courses are primarily aimed to address the needs of the upcoming energy sector.
